Shoemaker Hall will accommodate about one hundred ten young women at the rate of \$6.50 a week for board and room. Board alone may be procured at the hall at \$5.00 per week. Bills for board and room are payable before Wednesday noon of each session. A money order or cashier's check for \$5.00 payable to the State Teachers College should be sent with each application for a reservation. This is applied to the charge for board and room for the session.

Alice M. Eastman Home, a cooperative residence hall, accommodates nine young women and a director who have the opportunity to reduce their living expenses by furnishing and preparing their food and doing some of the housework. The house is entirely equipped and furnished, the girls having to supply only towels, washcloths, and dresser scarfs. The residents pay for the electricity and the gas, and \$6.00 per month. Regulations regarding reservations and payment of room rent are the same as those that apply to Shoemaker Hall.

Lawrence Hall will be occupied by the Army Air Forces this summer and will not be available to students. When no longer needed by the military forces for training purposes, it will again be used as a residence hall for women.

Special Features

College War Organization and Activities

The St. Cloud State Teachers College is engaged in a program of cooperation with the Office of Civilian Defense, the United States Office of Education, the Minnesota State Teachers College Board, and other governmental authorities in expediting the national war program. A Faculty Student War Council has been set up as a coordinating and planning unit, working through existing college groups in carrying out the war activities.

These war activities on the campus are considered an integral part of the college activity program. They will be continued throughout both summer sessions. Teachers wishing to learn how schools can utilize their facilities and resources in furthering the defense program will find these activities of particular help and interest.

The Army Air Forces

The St. Cloud State Teachers College will be used during the spring and summer as a training center for soldiers of the Army Air Forces. In effect, two colleges will be operating on the campus, a military college for the Army Air Forces and a teachers college. The two institutions, however, will be kept entirely separate. All ordinary facilities for summer school students will be fully maintained. No student need fear a diminution of offerings or of services because of the presence of the Army Air Forces.
